I'm just calling to state my opposition to the acquisition of the EJ&E Railroad by Canadian National. As a resident of New Lenox, I am completely and unequivocally opposed to this sale of this railroad to Canadian National. I feel this sale can only have a negative impact on my community. With the increased number of longer freight trains running through our neighborhoods, it can only have a detrimental impact on our safety and quality of our citizens. I foresee traffic at a standstill at railroad crossings and thereby hindering emergency response teams dealing with critically ill patients. Also as a resident living pretty close to the tracks, added air and noise pollution is a negative as well as the decreased property values. And finally, how dare they a foreign company expects its taxpayers to subsidize any improvement that would have to be made at various crossings. Please, I implore you to vote against this acquisition. Please take my concerns into consideration when you make your final decision. Thank you
