FROM: Walter D. Charnick, Resident of Snow Shoe, PA

Dear Ms. Gosselin,

I'm writing to state that I as a lifelong citizen of this region, I protest the activation of the rail line proposed by RRLLC. This entire region is a bountiful recreational wilderness area used by thousands of visitors every year. We ride 4-wheelers, bike, hunt, fish, camp, hike, etc. in this area. RRLLC are the only people who want to destroy our region and small towns. This proposed trash train would go thru small towns where people have lived quietly for many years. That's why they live there to get away from businesses and noise like RRLLC is proposing. RRLLC only sees dollar signs, not the beautiful way of life that we see.

Thank you.

Walter D. Charnick
