Hello Mr.. Navecky, thank you for taking time to talk with me the other day. I wondered if I could ask to clarify something?

On the STB website, under EO-2751, the outgoing Agency letters and Distribution List, there are 150 + pages of contacts and also some pages of actual letters addressed to some of the contacts but not all.

Can you please tell me if each one of the contacts on the Distribution List was sent a letter? Or were letters sent to the specifically addressed recipients only? I am trying to clarify for myself, who these letters were actually sent to. I would so appreciate it if you could answer this for me. Thank you and I'll wait to hear from you.

Julie

Zika Virus Update:

The CDC has issued a travel alert regarding the Zika virus for certain countries. To learn more please visit the CDC web site.

Passport Validity Rules:

The Six Months Validity Rule is imposed by foreign countries, and not by the United States. It simply means that your passport should be valid for more than six months before you would be allowed to enter a foreign destination. This rule is not in effect for all foreign countries but more are being added to the list. For you peace of mind, please check your passport and make sure it is valid 6 months past your return date back into the US.
