Transcript:

I'm calling regarding the STB Finance Docket number 35087 and I just wanted to make sure that it was documented that I strongly oppose as a citizen of this town, I definitely oppose the purchase of that railway to go from 6 to 28 trains is not only damaging our town in terms of noise and pollution and dangerment to all of the growing communities in this area. It's also a danger as how our hospitals lie on the other side of that railway. It would be an absolute nightmare for our town and I would honestly consider moving out of this town if the train did come in because it would be that much of an inconvenience for our family of four children. Please consider this and i hope that it dies not happen. Thank you for hearing me, I appreciate it. Bye bye
