Ref: STB Finance Docket #35087 -

Dear Ms. Johnson:

I live on the wrong side of the tracks (the south side). If there is a train on the EJ&E tracks that Canadian National wishes to purchase I am cut off from Fire, Police and any Hospital. They are proposing to INCREASE train traffic to more than one per hour. Does this mean that I have to "schedule" my emergencies? To add insult to injury. if any over or under passes are to be built the community in which I live is going to have to pay for them. This means my tax dollars. Since when does government financially support business to the detriment of individuals. They are profiting, they should pay.

I urge a NO vote on the purchase of the EJ&E by the Canadian National.

Sincerely,  
Barbara Connor Lamar
