Transcript:

I wanted to state my total opposition to the purchase, based on the environment, the effects it'll have on the environment in the area. The number of trains for safety purposes for safety vehicles trying to reach my home will be severely limited. The congestion, moving the congestion rail out into the suburbs is not the solution, it just moves the problem into someone else's backyard, and personally I don't want it in my backyard. Please register me as against this purchase. Thank you
