I am opposed to this sale because of the pollution and hazardous wastes it will bring through our town, just about a mile away from me or less. I am a cancer, trying to be a survivor, patient and it is a long hard battle as it is. We don't need to deal with this king of trouble. We're old, we can't move, it's gonna tie up our traffic all over town, no one will want to move to our up and rising town with this kind of hazard in it. It's very unfair and we don't like it. We have nothing to say anymore, and doesn't anybody have any sense about ruining the whole southern suburb area? Thank you
