Docket No. 30186

Dear Sir:

We feel there should be no action taken on the Tongue River Railroad. We just don't think private property rights in Montana or anywhere else should be violated to ship coal to Asia or anywhere outside the U.S. Some of our land has been in our family for over 85 years and we don't think it should be condemned and ruined for the benefit of already rich speculators. This land is used to graze cattle that will become beef to feed America.

Sincerely,

Wanda Gaskill
