What happens to the CN's Chicago lakefront line property if the merger results in abandonment of the line by the CN? Is there a planning process in place to review various options? Does the process involve adjacent communities? Are there any already-existing commitments or agreements with regard to the CN's portion of the joint CN/Metra right of way through the neighborhoods of Hyde Park, Kenwood and Woodlawn in Chicago.

I am attending this scoping meeting on behalf of the South East Chicago Commission
