Federal Agency: Surface Transportation Board

Re: Notification of Surface Transportation Board's "No Adverse Effect" finding regarding the abandonment of a rail line from milepost 241.35 at Crane to milepost 262.5 in Bedford and abandonment of the Bedford Industrial Track from milepost 0.00 to milepost 1.65 (Docket No. AB 295 [Sub-No. 7X]; DHPA #7321)

Dear Mr. Broadley:

Pursuant to Section 106 of the National Historic Preservation Act (16 U.S.C. § 470f) and 36 C.F.R. Part 800, the staff of the Indiana State Historic Preservation Officer ("Indiana SHPO") has conducted an analysis of the materials dated and received on May 14, 2010 for the above indicated project from Crane to Bedford, Martin and Lawrence counties, Indiana.

We concur with the Surface Transportation Boards' May 14, 2010 finding that there are no historic buildings, structures, districts, objects, or archaeological resources within the area of potential effects that will be adversely affected by the above indicated project provided the conditions stated in the above letter are adhered to.

If any archaeological artifacts or human remains are uncovered during construction, demolition, or earthmoving activities, state law (Indiana Code 14-21-1-27 and 29) requires that the discovery must be reported to the Department of Natural Resources within two (2) business days. In that event, please call (317) 232-1646. Be advised that adherence to Indiana Code 14-21-1-27 and 29 does not obviate the need to adhere to applicable federal statutes and regulations.

If you have questions about archaeological issues please contact Cathy Draeger-Williams at (317) 234-3791 or cdraeger-williams@dnr.IN.gov. If you have questions about buildings or structures please contact Chad Slider at (317) 234-5366 or cslider@dnr.IN.gov. Additionally, in all future correspondence regarding the above indicated project, please refer to DHPA #7321.

Very truly yours,

James A. Glass, Ph.D.
Deputy State Historic Preservation Officer
