July 29, 2019

Members of the Federal Surface Transportation Board:

The Uinta Basin Railway Project is important to Utah's economy and Rural Utah's ability to diversify their economic streams. Mineral Lease dollars generated from the extraction industry and exporting Utah's crude to domestic and global markets means more revenue for the Permanent Impact Board which benefits other infrastructure including UDOT projects.

Thank you for your assistance and consideration in this important matter.

Sincerely,

Senator J. Stuart Adams
President
Utah State Senate
