Message:

I am sending this e-mail to oppose the CNN Railway in New Lenox. Due to the increase in trains, possibly 30 per day and the fact that the railcars could extend to 3 miles in length, I feel that it will hinder the response times for police, fire and ambulances. I am also concerned that the railway will be transporting hazardous material and Lincoln Way West High School is in close proximity should there be a Haz Mat situation. Also New Lenox is already dealing with traffic delays all over the town and we do not need anything to add to that. CNN Railroad needs to find another town, not New Lenox!!!!
