Dear Phillis Johnson-Bell,

My name is Julie Hankins and I'm writing this letter in ~~opposition~~ to the CN acquisition of the E.I.E. Rail line. I want my voice heard regarding this issue.

I'm terrified about the thought of this going through and how it would impact my community's safety. Not to mention the noise and pollution around our children. Statistics show how fatalities in children go up living around constant train traffic.

Our community needs your support on this issue. Please help.

Sincerely,

Julie Hankins
