REF: STB FINANCE DOCKET NO. 35087

To Whom It May Concern,

I live in the village of New Lenox and am extremely opposed to the C.N. Railroad purchasing the E.T. + E. railway. Rerouting the trains through our village will cause major problems. Ambulances, police, fire department will all be blocked from doing their jobs. Lives and homes are at a great risk due to impassable streets. No company has the right to do this. The C.N. Railroad should be totally financially responsible for alleviating this problem if they should go forward with this proposal.

This is supposed to be a country built on the premise that the people's voices matter. I hope this is the case and not another example of "BIG MONEY" rules!!
