The STB + Port Canaveral must consider an Option C that traverses northward on the western edge of the CCAFS and then westward over the NASA Parkway East. It is then the responsibility of USAF (453W, 14th AF, SECAF) to prove to its governing bodies (Congress + Senate) how this project ~~is~~ would prevent it from performing its current/future mission (w/o reasonable mitigation or accomodation).

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.
