ENVIRONMENTAL IMPACT STATEMENT

How do I Submit Comments?

- **Written Comments:** Complete and submit this form at a public meeting, or mail your comments to the Surface Transportation Board's address at the bottom of this page.
- **Recorded Comments:** Provide your comments to a court reporter at a public meeting.
- **Electronic Comments:** Submit electronic comments by visiting the project website:
www.uintabasinrailwayeis.com

Please refer to Docket No. FD 36284 in all correspondence addressed to the Surface Transportation Board. All comments must be received or postmarked by August 5, 2019.

I am sorry that I am Wringing this down to
the wire.

Just got back from Argyle Canyon, I
own property up there, I still can't believe
that they still want to put a railroad
up there.

The danger of fire from the train
wheels from sparks, and from the engine
when the turbo goes out, fire leaves

Surface Transportation Board
ATTN: Docket No. FD 36284
c/o 9300 Lee Highway
Fairfax, VA 22031

Such a scare and they are almost impossible to put out because of the timber and the wind that the fire makes it jumps roads & fire breaks.

The noise that the train will make and hearing the whistles & the vibration will make rocks fall! I come up there to get away from the city noise!

What about the wild life up there deer, elk, bear, antelope, etc. even the cows the graze in the summer there!

The construction will leave scars there for lots of years!

The air is clean up there, the train will leave pollution and smell, that again why people come and buy land to get away from it.

There has to be a better route to run the railroad than in Inland Canyon & ~~Argyle~~ Argyle Canyon.

Soon the railroad with haul hazard material that is not good.

Please find another route for the railroad to go. Don't mess up the Canyon looks & beautiful land. Thank You

Please refer to Docket No. FD 36284 in all correspondence addressed to the Surface Transportation Board.
