Transcript:

I'm calling in regards to leave a comment about the Canadian National Railway purchase of the EJ&E Rail line. I'm with Tom Cross to oppose the buy of the rail line, the EJ&E because of what he outlines about the significant delays at railroad crossings, the response time by emergency being like the fire, the police, the increased noise, and most importantly, traffic. I would like to see it perhaps moved a little further in someone else's county where there's less people and less traffic, I think that's a possible solution. Thank you for listening to my comment. Thank you. Bye bye
