Transcript:

I am calling because I am against the proposed acquisition of the EJ&E Railway by CN and I have been to a meeting about this as well and regarding their poor safety record which sort of speaks for itself as far as I'm concerned. Environmental impacts, the heron rickery that is sort of close to us, and hazardous materials effects, the wait time, our reduction of property values, and I could go on and on I guess, but mainly I am just calling, please to, please hope this will not, this acquisition will not take effect and I appreciate your time and listening. Thank you so much. Bye bye
