Environmental Filing
STB Finance Docket No. 35087

Dear Ms. Johnson-Ball,

I am writing because I am very concerned about the impending increase in rail traffic on the E J and E line.

I understand the position railways have that they were here long before I was and that does carry some weight. Canadian national, however, was not here before me. The drastic increase in freight traffic was not here either. This drastic increase will severely impact my life and the lives of my family as we cross these tracks many times daily on Main street in Barrington and on Route 14 in Barrington.

I would not mind if overpasses were built as a compromise, but do not feel taxpayer money should be used for such efforts.

Please consider, as my representative, my concern with respect to this issue.

Best Regards,

Brian R. Stucka
