Address	844 Spinnaker Drive				
Address 2					
City	New Lennox	State	IL	Zip	60451

Transcript:

Good morning, I am calling today to voice my concern about the potential acquisition by Canadian National Railroad of the railroads noted on your voicemail here. My concern is that the North/South street congestion through the New Lennox area, specifically Galger Road, Nelson Road, Cedar Road, Spencer Road and School House road, is already an area of concern for the residents of this area. Adding additional railway stoppage congestion, additoanl congestion as a result of increased railway stoppage, would only add a greater danger to residents of these areas, especially in the area of emergency vehicle traffic. So, I am opposed to this purchase. Please feel free to contact me if you have any questions or concerns, thank you.
