Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: Sept. 25, 2008

Comments must be submitted by September 30, 2008.

America was built by Americans, are we now going to
sell our Country to a Foreign Company. They have no respect
for America. I talked to the CN representative on
air, water & Noise pollution (they were very arrogant).
Your tax dollars will pay for the clean up also. Your tax
dollars will pay for Underpasses. That's a foreign company
that will take all the profits to Canada and our
dollars will pay for their operation. All the STB has
to do is look at their records. They don't spend any
money in this country. Be American and vote No to
this sale to the CN.

They are proving what respect they have for the
members of the STB. They are going to the US
Courts what a Slap at America. And the STB.
Keep our railroads in the hands of America. We
have to control our commerce, just like we turned
down the Arabs from buying our ports.

Say no to the CN Keep America for Americans.
No American would sell this Country
Ask Congressman Lapiński if he is an American
Will he vote for America or Canada
How will you Vote
