Comments:

We need an Environmental Impact Statement because:

Abandonment will cause serious critical adverse effects to ~~this~~ the historic districts and families that inhabit Jersey city. Abandonment is surely to lead to demolition which will cause serious problems with air quality, health and water quality. As physicians who reside in historic Hamilton Park, this would cause serious adverse effects in persons living in this area as well as serious devastation to local wildlife. The contaminants released from such destruction could have long lasting adverse effects that may be irreparable.

*REQUIRED FIELDS

I authorize the Embankment Preservation Coalition to file this comment with the Surface Transportation Board.
