We are opposed to the Transfer Trash
Station to be established in Wilmington MA.

Reasons for opposition:

1. Impact of possibly 400 trucks a day
through heavily populated areas.
2. Strong possibility of liquid gas or
solid waste spill for which Woburn
MA - abutting city - is not prepared to
handle.
3. Odor and Noise
4. Noise generated at night by the immense
grinding operation.

Yours Truly,
Philip J. McManus Jr.
