Address 2
City New Lennox State IL Zip 60451

Transcript:

I do not want to see the E&J Railroad come through our town. I am a senior citizen, and if I need to get an ambulance, I will be blocked. My uh fire department will not have access to get across these tracks and I could possibly die because of this and I'm totally against this. I have a son that will be attending this high school, which is on the other side of the E&J tracks and I'm sure he will be detained getting both to high school and returning from high school events and I'm against any other hazardous equipment that will be coming through our village and I guess they have a very poor safety record and they don't take care of their trains, they run their engineers long hours and I am totally against this proposal. Thank you. Bye
