Transcript:

My property backs up to the EJ&E rail line and we already have numerous vibration damage to our home already because of the rail line and we're very much opposing any more rail traffic for the safety, the dust, we have two intersections here right next to our home where the noise and for emergency vehicles getting to our neighborhood here for any situation. We would be blocked off. You can call me at my home number, 815-741-9819, or on my cell phone, 815-557-9768. Thank you
