

Docket # FD35952

June 26, 2016

Dave Navecky,

Frank Patton's "sweet deal" for land-owners turned out to be to give a pittance of money to destroy our land, lifestyles, and peace of mind, for his own profit and "legacy".

Private land ownership is at the heart of freedom and democracy.

Please deny his request for this unneeded and unwanted monstrosity.

Thank you,
Karen Gill
