

NJIT architecture student Samar Marzouk envisions a lookout over an urban forest on the Harsimus Branch Embankment, 6th Street, Jersey City.

AB-167-1189-X

Please do not tear down
a historic landmark that
is a major transportation
corridor. You can never get
something like this back.
The impact will be huge +
sad for the city!

Save the embankment.
Save our history. If you
lose the transportation line
you can never ever build
another one like it. Ever.

I live on 8th Street,
2 blocks from the
Embankment. Our neighborhood
would be devastated by its
loss. The city needs
to maintain the ~~pub~~ transportation
corridor for public use.

The historic embankment
is important. I walk
by it everyday and
I would be devastated
by its destruction.
Save the embankment
please!!

Please preserve the entire Harsimus Branch for much needed public use that honors its significance including rail, trail + open space. My home is adjacent to the Embankment and it is a part of our "family" in that it has kept us connected to the past + future of this community's vital history + natural elements.

I believe that rail lines must be re-purposed for public use. This rail line is a major historical monument + open space treasure. Even if people didn't go up ^{on} it, it stops flooding. Save it.

NIT architecture student Samar Marzouk envisions a lookout over an urban forest on the Harstimus Branch Embankment, 6th Street, Jersey City.

AB-163-1189X
The Paulus Hook waterfront was once largely devoted to commercial activity associated with railroads, and many industries shipped their products over the Pennsylvania RR

Please preserve the massive Embankment and the longer Harstimus Branch RR of the Pennsylvania RR as material reminders of our history.
