Title	Business			Dept	
Address	11368 Lavender Lane				
Address 2					
City	Frankfort	State	IL	Zip	

Transcript:

I am opposed to this railroad coming through. As a taxpayer, it will infringe on my availability to get out of my house and go north on Wilf Road. The other the only other alternative would be LaGrange, which would be a single lane highway which will be impact by all of this new uh railroad going through and all of the movement of these cars. Also, there is a pollution of all these trains going through and the noise impaired. I am definitely opposed to this and I hope that our legislature and senators oppose it also. Thank you
