Title	Business			Dept	
Address	2005 W. 139 th Street, Lot 106				
Address 2					
City	Blue Island	State	IL	Zip	60106

Transcript:

My comment about the acquisition is I'm against it. The trains already are blocking traffic, they have no respect for anybody, they sit sometimes for up to one hour in my area and there's no way for emergency vehicles to get through and if this continues elsewhere, people's lives are at stake when these trains are blocking traffic and emergency vehicles can't get through. I'm 70 years old, I grew up in Pittsburgh, Pennsylvania where there was many, many, many trains and they had overpasses and things to contain this congestion so the traffic flowed very efficiently. So, if they want to come into Illinois, they better start building overpasses so people are not, lives aren't jeopardized by this. Thank you very much for hearing me.
