To Whom,

I would like to voice my concern once again about the CN acquisition. I live in Frankfort IL. one of the towns affected. We built our dream home here and pay ALOT of taxes. To have my childrens school which is very close to the tracks be subjected to extra fumes, noise, and an increase in hazardous materials, etc. is just unexceptable. There are so many things that will be affected by this and none of them are good. I will be moving if this goes through, and it a shame. Thanks, Karen Fitzpatrick
