Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 27 Aug 2008.

Comments must be submitted by September 30, 2008.

This is my 2nd Comment Sheet.

Przemysław Janusz

- ① CN Should be made to pay the mitigation costs of this acquisition, not local taxpayers.
- ② They should be made to provide enough transportation improvements to fully compensate for the delays they would otherwise cause.
- ③ They should be made to do so before!! they are allowed to increase freight on the tracks. If they are allowed to start using them first, it is highly doubtful that they will ever spend one dollar to improve the road crossings later. As a minimum, they need to deposit the funds needed to be held in trust by the communities which will be negatively affected.
