Hi Diana,

I was recently cc'd on a letter from the South Carolina State Historic Preservation Office to an attorney with Norfolk Southern Corporation regarding a Section 106 consultation that involves a National Historic Landmark, the William Aiken House (attached). Their letter stated that you had attempted to reach the National Park Service, but had received no response. It appears that your correspondence landed on the desk of someone not familiar with the National Historic Landmark program and they did not pass it along to me. In the future you can direct all correspondence regarding National Historic Landmarks in the Southeast region to me at the address below.

Thanks,

Cynthia
