Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

the closing of township roads impacting rural
school bus routes, emergency responders, commute
times, businesses and even pedestrians as I see
this around me already in towns like Ashton, Franklin
Grove & Rochelle.

I also worry about spills & contamination to
land, water, & even air due to possible derailments

The noise levels are more than annoying also.

Our state has some of the best soil in the world. I
hate to lose more of what this state has as a blessing.
