Environmental Impact Statement

Date: 8-27-08

Comments must be submitted by September 30, 2008.

Besides the personal economic hit we will take due to the excess traffic. The real issues are around safety for all and most directly the young children walking to school. Safety is #1 with having hundreds of High School students walking to school in the dark and having additional trains is a big concern. Also with Safety comes the concern of trains blocking multiple crossing and our EMT and a fire dept not able to respond in time to save a life or protect a building.

Secondly is the effect on environment from noise and pollution

YOUR INPUT IS IMPORTANT!
