#E1-25757

Yes. You are correct. The track and land will stay the same, as there will be no changes to the current use of the track. None of the track assets will be removed or salvaged.

Thanks! One last question, am I correct in assuming that there would be no land/water disturbance and no salvage associated with the abandonment?

Also, do you have a better map of the right-of-way (preferably a topo GIS-based)?

Subject: STB Docket AB 1250X , HC Railroad, LLC - Abandonment Exemption - In Rush County, Indiana

Dear Mr. Wilcox:

I'm preparing the environmental assessment for the above referenced abandonment and wanted to know if HC Railroad will continue to own the rail line after abandonment (if authorized), or does the railroad anticipate selling the line to another entity?

This is in regard to the Section 106 process and an effect finding.

Thanks!

Regards,

Diana Wood
