Dear STB:

Please help us save the Embankment. It's a beautiful historic location. I brought my daughter up there to learn about the history of Jersey City, and about how it related to the rails in the U.S. We hiked around; it was beautiful, and had tea. It was an amazing opportunity for her, right here!

I live in the historic district and the destruction of the embankment would have a direct negative influence on my neighborhood. Please don't demolish this piece of Jersey City history.
