Transcript:

I'm calling today because I'm extremely concerned about the acquisition of the EJ&E Railroad by the Canadian National Railroad. This will affect my family's quality of life. We live near the railroad and it will affect us by not being able to get over to the other side of the railroad tracks. Forty-two trains a day is what I heard. It's going to affect traffic, we won't be able to get out of our neighborhood, we won't be able to patronize businesses in the Naperville area as frequently because of the traffic and congestion. The local hospital is on the other side of the tracks and we are concerned about emergency vehicles being able to get through when there are trains up to two miles long blocking the tracks, therefore the traffic is going to be backed up. We just strongly oppose the purchase of the railline and hope you'll take all of this into consideration.
