Dear STB,

I live in the historic
downtown of Jersey City.
The 6th Street embank-
ment is an integral
part of our history.
Please don't allow
its destruction.

I think it is both
Indicuous & shortsighted to
demolish the embankment!
Jersey City is thick w/ history
the embankment is a key part
of that history & my daily

Life ~ me
Please bear

As a life long citizen
of Jersey City, I believe
that the Embankment
should be preserved for
its historic value and
to keep the neighborhood's
personality.

The Embankment is a state and municipal landmark + eligible for National register listing. The embankment is an historic monument to Jersey City's railroad past, beloved by thousands of citizens. The embankment should be preserved in its entirety as an historic, and transportation and openspace asset. It has tremendous value for the public good, now + in the future on so many levels
