Dear Ms. Quinlan,

We are fully in support of Canadian National's proposed acquisition of the Elgin, Joliet & Eastern Railroad. The economic benefits that our region will derive from the completion of this proposal will provide are obvious and welcome!

As Chicagoans, we are very aware of the needless congestion, pollution and economic bottlenecks the present rail situation presents to the area. Also, we are very aware of the nature of international competition and we want our railroads to operate as efficiently as possible to help us face all competitors.

The proposed acquisition of E, J & E Railroad is definitely in the best interest of the region and the State of Illinois. We hope we can count on your support in this matter.

Sincerely

Gary F. Martini  
National Accounts Manager
