Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: Aug 27, 2008

Comments must be submitted by September 30, 2008.

It is imperative that the STB prohibits CN from purchasing the EJE Railroad.

Extensive studies have proven that the acquisition will be a huge detriment to this community & all communities involved.

First and foremost is the safety issue —

— emergency vehicles will be immobilized in Barrington at several crossings — prohibiting timely ~~reaction~~ reaction to emergency situations perhaps even causing unnecessary deaths.

Tracks are alarming close to schools & locations where children cross to attend school.

Making the likelihood of accidents inevitable.

— While on the subject of accidents is not limited to pedestrians it will surely extend to more motor vehicle accidents at crossings.

Pollution — Air & Noise are huge factors in this acquisition ~~where this community is located~~ ~~on the fact that~~

YOUR INPUT IS IMPORTANT!
