Thanks Catherine,

I hope the railroads follow up with them sending me a work plan on how they plan on disposing of the waste ties. There will be some that will be reused or sold and I need to know where all these ties are going. Thanks for your help and look forward working with you. bm.

Hi Bob,

I am just now getting back to you regarding your voice mail.

The Sunflower Rails-to-Trails Conservancy, Inc. has filed for a Notice of Interim Trails Use with the Board in this proceeding under AB (Sub-No. 1032X). I have attached this request below (see 44761). The NITU was subsequently issued by the Board, thereby allotting the parties 360 days to come to an agreement on trails use (or not).

Since the rail line may be converted to trails use, it is unclear how this will affect the railroad's schedule for salvage. You might try calling them about the proceeding regarding their current schedule.

Please feel free to call me if you have any further questions.

Best,

Cathy

Subject: FW: waste railroad ties

Good Morning Catherine,

I am sending you a cover letter explaining the Bureau of Waste Management involvement from the abandonment of railroad tracks and our need to be in the process. Again I thank you for your help and the Bureau of Waste Management looks forward working with your agency. I have included a letter and a work plan for you to look over and give to any railroads who plan on any abandonments in the state of Kansas. Thanks.bm.[attachment "LetterSurfaceTransportationBoad(8-28-15).docx" deleted by Catherine Nadals/STB] [attachment "workplan (forRailroads).docx" deleted by Catherine Nadals/STB]
