

Environmental Impact Statement

Comment Form

**Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company**

STB Finance Docket No. 35087

Date: 9-24-08

Comments must be submitted by September 30, 2008.

I am 100% against the acquisition of EJ+E railway by Canadian National Railway. My husband & I moved to Mokena (The Bridge subdivision) with our two children, ages 6 & 3 in November. We moved to Mokena from Orland Park to be in the Frankfort School district. There are many children in our community, I am afraid for their safety. Emergency response vehicles will be compromised from responding as promptly as necessary. Traffic is another concern. There are many families that need to get through on such streets as Owens, Wolf, etc. Rte 30 is already congested, having a busy railroad will worsen this issue.

Another great concern is pollution & noise the railway will cause. We currently live in a clean & quiet neighborhood. ~~Not only~~ With a busy railroad, I worry about the hazardous material, pollution & noise that will change our lives. Property values will also be affected.

Please reconsider this venture!

Much consideration,

Tracy Jacobs
