Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I believe this acquisition will be dangerous ~~and~~ to the community. Patients who are critically ill will not be able to reach Good Shepherd Hospital, Barrington on time to save their lives.

With increased train traffic, people crossing there will/could be hurt.

Especially this community is depending on Good Shepherd Hospital for their health needs, going back and forth to ~~the~~ hospital will be severely affected, and the patient safety will be at risk as well as those who care for the ones at the hospital.

YOUR INPUT IS IMPORTANT!
