Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8.28.2008

Comments must be submitted by September 30, 2008.

Businesses would not want to move into Barrington because of the huge negative impact on traffic. Without new business ^{there would be} consequential neg. impact on tax structure. Home owners would pay more to maintain schools, libraries, roads, etc. We would watch our property value decline. Schools, libraries, parks etc would never again pass a referendum requesting ~~more~~ increased taxes dollars to upgrade their facilities. Our community as we know it, would forever be changed. Taxes would be too high, home values too low, poor schools, libraries. The park district would fall apart. No one would want to bring their money into Barrington.
