Message:

Several times a day EJ&E trains sit for up to 4 hours waiting for the ok to continue behind my block. If they have to set with only nine trains a day using these tracks what is going to happen when CN runs 30 trains a day on these tracks???
When they set there the whole neighborhood smells of diesel fuel because they have 1 to 4 engines all running.
In the summer we can't open our windows because the smell gets into our house. Also you don't let our kids go out to play because of the smell and now it is only going to get worst.
Please vote against this sale.
