Message:

We would like you to DENY the purchase of the EJ&E to Canadian National. As a resident of Plainfield who lives less than a mile from 3 different crossings the increased train traffic will cripple my mobility & property value as well as that of the entire village. Is this sale good for anyone other than a company that isn't even from the United States. It seems that CN is not interested in what this will do to the communities that it will affect and is eager to give lip service to the communities and the STB in order to get what they want. The general view is that the STB has NEVER denied a purchase. I'm hoping that the STB will consider this proposal as if they lived here in our communities. PLEASE look at this with a discerning eye. Thank you for your time and consideration.
Sincerely,
Paula and Terry Schorp
