I sincerely hope that you do not come through our town, for various reasons. I have an asthmatic child who needed to get to the hospital this summer, we would have lost her if we would have been stopped by one of your trains and with what's going to be coming out of them, it's not gonna be good for our air. I sincerely hope you consider going out the 50 or 60 miles away from our communities, our schools, our children, and our towns. I am praying that this doesn't happen. My husband grew up in Blue Island, we've seen the damage the trains have done there. We don't want you to be part of this town and I'd rather see it 50 miles out and that's what we're hoping for. Thank you and have a good day. Bye bye
