COMMENT: I am 68 yrs. old. I have lived in Ohio, Wi.,

Iowa, and now Mt. We moved to Wi. in 1975, to Iowa
in 1996 and to Mt. in 2002. Each time we moved more
or less because of too many people and too much going on.
This was said to be the last best place to live, now
you want to make this like all the other places. We live
just on the west side of the river and you want to
put the railroad on the East side. There is no
way we could pasture our cows on the east
side anymore. They come to the river every day
to drink and that would never work. Our ranch
would be worthless. There are 19 families of us Amish
that depend on this land everyday. We all live
on this ranch. Please don't do this to us, as we
would all have to move somewhere else.

When submitting comments please be as specific as possible and substantiate your concerns and recommendations.

Please use the reverse side or attach any additional pages.
