

Dear Sir:

June 7 2016

When I spoke with you at the Manteno, IL scoping meeting for GLB Rail Line, I explained how close the proposed GLB Rail Line is going to be in relation to my home.

Here are some figures for your consideration. It will be 20.2 feet from my home to the proposed rail easement. This easement will be only 13 feet from my well.

There is nothing submitted by GLB that I can support. I am adamantly against this project.

Sincerely,
