Comments:

I live in the Plainfield community at 11322 Glenbrook Circle (60585) and I vehemently oppose this acquisition as this proposition will increase rail traffic in our village. This increase will make traffic that is already bad even worse, the safety around the crossings would be compromised and the pollution whether it be environmental, noise and vibrations would be horrendous.

I know of many of my neighbors that feel the same.

There should be a formal hearing about this acquisition where the village can take part of and voice their opinion as well as the railways involved so we can hear everyone's concerns.

Sincerely,

Emill Lezondra
